## DOLCE VITA

Dolce & Gabbana Beauty is launching Dolcissimo, a new matte liquid lip-colour. The new launch is named after the Italian word for 'sweet' and comes in 12 shades, ranging from subtle nudes to bright reds. In typical D&G form, the lipstick comes in a striking floral vessel in homage to the fashion house's love of bold prints.

## FACE TIME

Natural, organic and handmade in Hawaii, the JK7 Detox Face Mask is made using a blend of herbs, oils and vitamins to gently remove old skin cells and banish nasty toxins. Witch-hazel, chamomile, and marigold work together to give the skin a deep cleanse, while extracts of soy protein, oat and mushroom increase firmness, smoothness and skin tone.
